## Welcome from the Head Teacher

Dear Parent / Carer

Gatehouse Primary is a small rural school, set in the heart of Gatehouse of Fleet, surrounded by beautiful Galloway countryside. We promote a friendly, welcoming and positive environment where your child is appreciated as an individual and provided with opportunities to grow and develop within an inspiring and secure rural environment. This handbook is designed to give you as much information as possible about your child's new school. It cannot replace direct personal contact between school and parents, but we hope it provides an insight into our school. We hope you find the information useful and look forward to welcoming you to Gatehouse Primary School.

Yours sincerely

**Fiona Christie**  
Head Teacher

For organisational purposes, schools are structured into classes. Each year it is the responsibility of the Headteacher to organise the class structure.

For more information, on School class sizes and grouping please visit [www.dumgal.gov.uk/article/16646/School-class-sizes-and-groupings](http://www.dumgal.gov.uk/article/16646/School-class-sizes-and-groupings)

For more information please see the [Education Authority Handbook](#)

### Positive Behaviour and Celebrating Success

To promote positive behaviour all children and staff have a shared understanding of well-being and children's rights and responsibilities. All staff model behaviour which promotes and supports the well-being of all, consequently, an environment of trust exists within the school where children know that they will be listened to, and their thoughts and opinions will be respected. Staff and children work within the framework of GIRFEC (Getting it Right for Every Child) and are familiar with the well-being indicators (Safe, Healthy, Active, Nurtured, Achieving, Respected, Responsible, Included). The school is aware of the benefits of outdoor education and physical activity to promote both physical and mental wellbeing. Regular opportunities exist for the children to work outdoors and take part in a wide variety of physical exercise. The children's success is celebrated in class and in whole school assemblies, including regular achievement assemblies. Achievements are shared on the achievement wall

and TV in the entrance and through the school social media account.

## Curriculum for Excellence

Curriculum for Excellence (CfE), now known as 'Scotland's Curriculum,' is bringing learning to life in the way education is delivered for all 3-18 year olds in nursery, primary, secondary, at college and via workplace or community learning. It aims to respond and adapt flexibly to meet the needs of an ever changing and evolving world and Scotland's place within it. At its heart lies a constant commitment and drive towards excellence and equity, to raise standards, improve knowledge, develop skills for all learners and close the gap between the lowest and highest achievers by ensuring everyone has an equal opportunity to be successful, no matter what their background or circumstances. Ultimately, it aims to nurture children and young people as successful learners, confident individuals, effective contributors and responsible citizens.

## Broad General Education

Children and young people work their way through Experiences and Outcomes in each of the five Curriculum Levels (Early, First, Second, Third, Fourth) and in each of the eight Curricular Areas. The five Curricular Levels span pre-school to the end of S3. This is the Broad General Education. Pupils progress at their own pace, working through the Experiences and Outcomes of the most appropriate level for them. Pupils will be supported in collecting evidence of their achievements, with a profile of these being produced in P7 and S3.

CfE also includes Languages, Expressive arts, Religious and moral education, Sciences, Social studies and Technologies. The responsibility for the curriculum offer in your school sits with the Headteacher.

The purpose of the curriculum is to enable every child to be a:

- Successful learner
- Confident individual
- Responsible citizen
- Effective contributor

As well as the usual class lessons the school provides a range of wider opportunities across the year, including residential trips, working with community partners on specific projects and active schools. Pupils are encouraged to participate in the life of the school through membership of pupil groups, such as House captains, Rights Respecters or JRSO. Through these groups, pupils have a say in the day to day running of the school. Wider achievements are shared on the school social media page and at regular assemblies, to which parents and carers are invited.

## Parental Involvement and Engagement

### Parent/Carers and the Parent Council

Every parent who has a child at our school is a member of the Parent Forum. The parent council is a group of parents who have chosen to represent the parent forum. As a member of the Parent Forum, each parent can expect to:

- Receive information about the school and its activities

- Be invited to be involved in ways and times that suit you
- Identify issues you want the parent council to work on with the school

### How is my child doing?

There will be several opportunities for you to discuss your child's progress. This may be through informal discussion with the teacher or at Parents' Nights/ Learning Conversations, formal reports or for some it may be through more formal, focussed meetings with other agencies.

## Helping Your Child and Family Learning

The aims and purposes of setting homework are:

- to support and build on classwork
- to make parents aware of the work children are doing in school
- to encourage children to work independently
- to develop perseverance and self-discipline
- to promote good study habits
- to train pupils to plan and organise their time effectively
- to allow preparation for future classwork
- to provide information for parents
- to provide opportunities for individualised work
- to encourage pupils to take responsibility for their own learning
- to create channels for home-school dialogue

Homework is generally given out at the beginning of the week and collected at the end of the week. Specific details will be communicated by the class teacher. If parents have any concerns regarding homework they're encouraged to contact the class teacher.

Curriculum evenings, to help parents better understand what their child is being taught, are held every year. Open afternoons are held regularly to enable parents to come in to see what and how the children are learning.

## Support for All

### Support for Learners

All children receive support at school and nursery to help them learn. 'Additional support for learning' is how we describe any support that is extra or different to the help that most children receive. Most of this additional support is provided by teachers in mainstream classes, focussed on learning and support to be fully involved in school life. For the majority of children and young people this will be delivered in a mainstream classroom supported by their classroom teacher for a few this will mean some additional support alongside the classroom teacher, and for a very few this will be part-time or full-time provision in a school with a learning centre or an inclusion base.

More information is available at [www.dumgal.gov.uk](http://www.dumgal.gov.uk) and on page 18 of our [Education Authority Handbook](#)

### Getting It Right For Every Child (GIRFEC)

You are the expert on your child and what you think matters. Getting it right for every child (GIRFEC) means that the School will always seek to involve you, to listen to your opinions and take them seriously.

More information is available at [www.dumgal.gov.uk/girfec](http://www.dumgal.gov.uk/girfec) and on page 20 of our [Education Authority Handbook](#)

### Child Protection

All children have the right to be protected from harm, abuse and neglect. The vision for all children and young people in Dumfries and Galloway is that they should be: safe, healthy, achieving, nurtured, active, respected and responsible and included. Schools and front-line education and child care services will play an important role in ensuring all children and young people are safe and well.

Further information can be found at <http://www.dumgal.gov.uk/article/16640/Support-for-children-and-families>

Parents, carers and pupils have a key role in keeping the school community safe. We would therefore urge parents to share any information which would keep everyone safe, and to support and encourage their child(ren) to do the same.

### Enrolment in Schools - School Places

Information on enrolment in school and catchment areas is available at <http://www.dumgal.gov.uk/article/15241/School-places> Information regarding catchment areas can be found on the Council's website by accessing "Find My Nearest".

### School Improvements

Each year the school will publish a School Improvement Plan which outlines the key priorities for the school during the year ahead, following engagement with staff, pupils and parents. The plan indicates the expected impact of priorities on pupil learning, as well as providing brief information about the key tasks to be taken forward. Both the report and the plan are published on the school's web-site and are also available in hard copy, on request. A copy can also be found by searching for your school at [www.dumgal.gov.uk/schools](http://www.dumgal.gov.uk/schools)

In May/June each year, the school provides a Standards & Quality Report providing all stakeholders with a summary of the school's development and achievements over the past year. In June, we publish a School Improvement Plan which outlines the key priorities for the year ahead. This year we are focusing on:

Priority 1  
Quality of Learning and Teaching

Priority 2  
Refreshing our Curriculum

Priority 3  
Digital Skills

## Health and Safety

### Emergency Procedures (including Safer Together Guidance)

If your child feels unwell or have hurt themselves during the school day they must report this to an adult in the school. If we feel that they would be better at home we will telephone you or your emergency contact. Minor accidents, e.g. cuts, bruises, are dealt with by the school staff. Serious accidents are few, but should one occur your child will be immediately taken either to your doctor or to hospital, if necessary, and you or your emergency contact will be notified. We cannot stress enough the importance of supplying the school with the relevant information we require in such a situation, i.e. your own home and work number and a telephone number of an emergency contact. **Please remember that if your child stays in more than one home setting contact details should take account of this.**

### Health Care (inc First Aid)

Many children will require their health care needs to be met at sometime within the nursery/school environment, for most children this will be for short periods of time only, but for some children this may require more long-term planning and support. If your child has any health care needs, please contact the school to discuss arrangements. Full details of the support available and your role as a parent and the role of your child are contained within Health Care in Schools 3-18 (NHS and Dumfries and Galloway Council) which is available from the school.

For more information see our [Authority Handbook](#)

### Severe Weather and School Closure Arrangements

Headteachers are authorised to make an emergency closure when the state of the weather or any other exceptional circumstance make it necessary in the best interests of the pupils. In these circumstances parents will be communicated with in a variety of ways including text messages/ phone calls and emergency contact arrangements. All school closures will be notified on the Council Website.

[www.dumgal.gov.uk/article/15240/Emergency-school-closures](http://www.dumgal.gov.uk/article/15240/Emergency-school-closures)

### Data Protection

Information on how the Council uses personal data is available at [www.dumgal.gov.uk/article/15129/Data-protection](http://www.dumgal.gov.uk/article/15129/Data-protection) and [www.dumgal.gov.uk/privacy](http://www.dumgal.gov.uk/privacy)

### ICT in Schools

For more information on ICT in school please see page 14 of the [Education Authority Handbook](#)

### Use of the Internet, Social Networking Sites

As part of the process of learning we allow our children supervised access to the Internet and e-mail. The authority runs its own filter system to ensure that young people are not at risk from exposure to inappropriate material. This filtering system is regularly being upgraded. We have a policy for use of the Internet and a contract for responsible use, which we ask parents and young people to sign up to.
