Welcome from the Head Teacher

Dear Parent / Carer

On behalf of the staff and pupils at Collin Primary School, I welcome you and your family to our school and partnership. We are all very proud of our rural school, set in the village of Collin. Positive Behaviour and Celebrating Success

Our children take great pride in their school and demonstrate respect and tolerance for others. At

Collin, we aim to create a nurturing, safe and happy environment where we care about one another's wellbeing, learning and achievements. We adopt a positive, nurturing behaviour approach across our school. Learners are involved in the development of our Schools Vision Aims and Values as well as planning their own learning, the design and development of the school grounds and school rules.

We have consistently high expectations of behaviour. We regularly share strategies to support the children in school and engage in purposeful, solution focused discussions when they face difficulties. Every week we

have an assembly. At this time we gather together to celebrate children's successes and share learning. Pupils are rewarded for a range of achievements such as positive attitude, helping others and demonstrating our school values throughout their school week in class. We share and celebrate pupil's success in and out of school so please let us know if your child has achieved something special!

For more information please see of the [Education Authority Handbook](#)

School uniform

All Dumfries and Galloway schools have a dress code which encourages pupils to dress in a way appropriate to attendance at school. For more information on School Uniform, Dress Code, and School Clothing Grants visit www.dumgal.gov.uk

The school encourages all children to wear school uniform as it not only provides clothing which is fit for purpose, but encourages a sense of unity and belonging across all stages of the school. The uniform consists of a red jumper/cardigan, white polo-shirt and dark coloured trousers/skirt. We work hard to:

- Promote the school colours by wearing our school jumpers/cardigans or a similar plain coloured top.
- Encourage sports clothes for PE and Outdoor Learning days.
- Wear wellies when taking part in forest classroom activities.
- Discourage the wearing of football shirts or clothes with slogans on.

Curriculum for Excellence

Curriculum for Excellence (CfE), now known as 'Scotland's Curriculum,' is bringing learning to life in the way education is delivered for all 3-18 year olds in nursery, primary, secondary, at college and via workplace or community learning. It aims to respond and adapt flexibly to meet the needs of an ever changing and evolving world and Scotland's place within it. At its heart lies a constant commitment and drive towards excellence and equity, to raise standards, improve knowledge, develop skills for all learners and close the gap between the lowest and highest achievers by ensuring everyone has an equal opportunity to be successful, no matter what their background or circumstances. Ultimately, it aims to nurture children and young people as successful learners, confident individuals, effective contributors and responsible citizens.

Broad General Education

Children and young people work their way through Experiences and Outcomes in each of the five Curriculum Levels (Early, First, Second, Third, Fourth) and in each of the eight Curricular Areas. The five Curricular Levels span pre-school to the end of S3. This is the Broad General Education. Pupils progress at their own pace, working through the Experiences and Outcomes of the most appropriate level for them. Pupils will be supported in collecting evidence of their achievements, with a profile of these being produced in P7 and S3.

CfE also includes Languages, Expressive arts, Religious and moral education, Sciences, Social studies and Technologies. The responsibility for the curriculum offer in your school sits with the Headteacher.

There are detailed Experiences and Outcomes for all subjects available on the Education Scotland website; teachers work to deliver these, and the progress of learners is measured in the achievement of Outcomes. Reporting to parents includes information about children's Experiences and Outcomes and the Levels at which they are working.

Parental Involvement and Engagement

Parent/Carers and the Parent Council

Every parent who has a child at our school is a member of the Parent Forum. The parent council is a group of parents who have chosen to represent the parent forum. As a member of the Parent Forum, each parent can expect to:

information about the Curriculum and how you can be involved in your child's learning.

How is my child doing?

There will be several opportunities for you to discuss your child's progress. This may be through informal discussion with the teacher or at Parents' Nights/ Learning Conversations, formal reports or for some it may be through more formal, focussed meetings with other agencies.

Helping Your Child and Family Learning

Purposes/Aims of Home Learning

- To continue to build on prior learning that has taken place in school
- To encourage each child to develop his/her skills in various contexts out-with the classroom
- To provide an opportunity for parents to become more involved in their child's learning
- To foster good home/school working relations which benefit each child's development

The amount and frequency of home learning will vary throughout the year, and will be managed by the teacher, with regard to the needs of the children and home setting. Parents are encouraged to seize this opportunity to work alongside their child and learn more about their child's knowledge, skills and abilities. Effective two way communication is essential.

Support for All

Support for Learners

All children receive support at school and nursery to help them learn. 'Additional support for learning' is how we describe any support that is extra or different to the help that most children receive. Most of this additional support is provided by teachers in mainstream classes, focussed on learning and support to be fully involved in school life. For the majority of children and young people this will be delivered in a mainstream classroom supported by their classroom teacher for a few this will mean some additional support alongside the classroom teacher, and for a very few this will be part-time or full-time provision in a school with a learning centre or an inclusion base.

Child Protection

All children have the right to be protected from harm, abuse and neglect. The vision for all children and young people in Dumfries and Galloway is that they should be: safe, healthy, achieving, nurtured, active, respected and responsible and included. Schools and front-line education and child care services will play an important role in ensuring all children and young people are safe and well.

Further information can be found at <http://www.dumgal.gov.uk/article/16640/Support-for-children-and-families>

Parents, carers and pupils have a key role in keeping the school community safe. We would therefore urge parents to share any information which would keep everyone safe, and to support and encourage their child(ren) to do the same.

Health and Safety

Emergency Procedures (including Safer Together Guidance)

If we feel that they would be better at home we will telephone you or your emergency contact. Minor accidents, e.g. cuts, bruises, are dealt with by the school staff. Serious accidents are few, but should one occur your child will be immediately taken either to your doctor or to hospital, if necessary, and you or your emergency contact will be notified. We cannot stress enough the importance of supplying the school with the relevant information we require in such a situation, i.e. your own home and work number and a telephone number of an emergency contact. **Please remember that if your child stays in more than one home setting contact details should take account of this.**

Health Care (inc First Aid)

Many children will require their health care needs to be met at sometime within the nursery/school environment, for most children this will be for short periods of time only, but for some children this may require more long-term planning and support. If your child has any health care needs, please contact the school to discuss arrangements. Full details of the support available and your role as a parent and the role of your child are contained within Health Care in Schools 3-18 (NHS and Dumfries and Galloway Council) which is available from the school.

We have a policy for use of the Internet and a contract for responsible use, which we ask parents and young people to sign up to.
