How the School Works

Class Organisation

For organisational purposes, schools are structured into classes. Each year it is the responsibility of the Headteacher to organise the class structure.

Primary School Class Organisation

Within education our clear purpose is to bring about success for all our young people through raising levels of achievement, attainment, and participation.

For more information on school class organisation please visit [Class Organisation Leaflet](#)

The Head Teacher will compose the classes prior to the beginning of the new session in line with Local Authority guidance.

For more information please see the [Education Authority Handbook](#)

Positive Behaviour and Celebrating Success

Our School ethos is underpinned by our Vision, Values and Aims. We encourage three simple rules – Respect yourself, Respect others, Respect the School. In line with our Respect for All Anti Bullying Policy we promote positive behaviour strategies both within the class and the playground.

We are keen to celebrate success and achievements both within and out with the school. Once a month we have a Super Show and Tell Assembly where children can share their successes and achievements with others. Each week class teachers award Pupil of the Week certificates based on success and achievements during that week. These are handed out at Assembly at the same time as celebrating the House which has won the most House Points that week.

Classes have Achievement walls celebrating curricular success and success out with school.

We are keen to share children's success in Head Teacher newsletters so please let us know if your child has done something that we should be celebrating.

Curriculum for Excellence

Curriculum for Excellence (CfE), now known as 'Scotland's Curriculum,' is bringing learning to life in the way education is delivered for all 3-18 year olds in nursery, primary, secondary, at college and via workplace or community learning. It aims to respond and adapt flexibly to meet the needs of an ever changing and evolving world and Scotland's place within it. At its heart lies a constant commitment and drive towards excellence and equity, to raise standards, improve knowledge, develop skills for all learners and close the gap between the lowest and highest achievers by ensuring everyone has an equal opportunity to be successful, no matter what their background or circumstances. Ultimately, it aims to nurture children and young people as successful learners, confident individuals, effective contributors and responsible citizens.

Broad General Education

Children and young people work their way through Experiences and Outcomes in each of the five Curriculum Levels (Early, First, Second, Third, Fourth) and in each of the eight Curricular Areas. The five

Curricular Levels span pre-school to the end of S3. This is the Broad General Education. Pupils progress at their own pace, working through the Experiences and Outcomes of the most appropriate level for them. Pupils will be supported in collecting evidence of their achievements, with a profile of these being produced in P7 and S3.

CfE also includes Languages, Expressive arts, Religious and moral education, Sciences, Social studies and Technologies. The responsibility for the curriculum offer in your school sits with the Headteacher.

In Creetown Primary we strive to provide a broad and challenging curriculum underpinned by the following statements

- The 'learner journey' will be joined up from 2-12 to avoid gaps and overlaps in learning and to make the most of achievements outside school.
- Children will work at a pace that suits, with enough challenge and support to stretch them.
- Lessons will be engaging, inspiring and relevant to everyday life.
- Teachers will make connections between subjects, helping children make sense of the world.
- Children will learn how to learn and how to use their learning, not just memorise information to pass tests. This will help them adapt in an uncertain future with the ability to think for themselves, make sound judgements, challenge, enquire and find solutions.
- Focus will be on knowledge and skills – including vital skills: literacy, numeracy and Health and Wellbeing which underpin all learning and are critical in life.
- Teachers and children will work together to assess and discuss progress and next steps in learning.

Parental Involvement and Engagement

Parent/Carers and the Parent Council

Every parent who has a child at our school is a member of the Parent Forum. The parent council is a group of parents who have chosen to represent the parent forum. As a member of the Parent Forum, each parent can expect to:

- Receive information about the school and its activities
- Hear about what partnership with parents means in our school
- Be invited to be involved in ways and times that suit you
- Identify issues you want the parent council to work on with the school
- Be asked your opinion by the parent council on issues relating to the school and education it provides
- Work in partnership with staff
- Enjoy taking part in school life in whatever way possible

For more information or support for how you can become involved in or to run your Parent Council please visit www.dumfriesandgalloway.gov.uk

Parentzone Scotland

<https://education.gov.scot/parentzone> information about the Curriculum and how you can be involved in your child's learning.

How is my child doing?

There will be several opportunities for you to discuss your child's progress. This may be through informal discussion with the teacher or at Parents' Nights/ Learning Conversations, formal reports or for some it may be through more formal, focussed meetings with other agencies.

Helping Your Child and Family Learning

Homework is a valuable link between school and home. Homework is usually set as a monthly tasks tile. Parents will discover that homework activities trend to be active and inclusive of the home environment.

Parents are encouraged to engage with homework and support their child to achieve the tasks set. Some homework may be set online – please encourage your child to check their Purple Mash 2Dos.

Throughout the session, parents are offered many opportunities to join their children in learning activities such as Stay and Learn sessions, Drop Everything and Read sessions and opportunities to share learning. We send out a Parental Engagement calendar in advance so that parents are aware of upcoming events.

Support for All

Support for Learners

All children receive support at school and nursery to help them learn. 'Additional support for learning' is how we describe any support that is extra or different to the help that most children receive. Most of this additional support is provided by teachers in mainstream classes, focussed on learning and support to be fully involved in school life. For the majority of children and young people this will be delivered in a mainstream classroom supported by their classroom teacher for a few this will mean some additional support alongside the classroom teacher, and for a very few this will be part-time or full-time provision in a school with a learning centre or an inclusion base.

More information is available at www.dumfriesandgalloway.gov.uk and on page 18 of our [Education Authority Handbook](#)

Getting It Right For Every Child (GIRFEC)

You are the expert on your child and what you think matters. Getting it right for every child (GIRFEC) means that the School will always seek to involve you, to listen to your opinions and take them seriously.

More information is available at www.dumfriesandgalloway.gov.uk and on page 21 of our [Education Authority Handbook](#)

Child Protection

All children have the right to be protected from harm, abuse and neglect. The vision for all children and young people in Dumfries and Galloway is that they should be: safe, healthy, achieving, nurtured, active, respected and responsible and included. Schools and front-line education and child care services will play an important role in ensuring all children and young people are safe and well.

Further information can be found at www.dumfriesandgalloway.gov.uk

Parents, carers and pupils have a key role in keeping the school community safe. We would therefore urge parents to share any information which would keep everyone safe, and to support and encourage their child(ren) to do the same.

Enrolment in Schools - School Places

Information on enrolment in school and catchment areas is available at www.dumfriesandgalloway.gov.uk Information regarding catchment areas can be found on the Council's website by accessing [Near Me](#).

School Improvements

Each year the school will publish a School Improvement Plan which outlines the key priorities for the school during the year ahead, following engagement with staff, pupils and parents. The plan indicates the expected impact of priorities on pupil learning, as well as providing brief information about the key tasks to be taken forward. Both the report and the plan are published on the school's web-site and are also available in hard copy, on request. A copy can also be found by searching for your school at www.dumfriesandgalloway.gov.uk

In May of each year, the school completes a Standards & Quality Report providing all stakeholders with a comprehensive summary of the school's work and learners' achievements over the last year. The first part of this report provides an overview of the school's progress in addressing its key priorities, while the second part gives information about, for example, how well pupils are learning and achieving; how well the school is supporting children/young

people to develop and learn. In June, we complete a School Improvement Plan which outlines the key priorities for the school during the year ahead, following engagement with staff, pupils and parents. Parents receive a copy of this at the beginning of each new academic session and are invited into school to discuss it in detail.

Health and Safety

Emergency Procedures (including Safer Together Guidance)

If your child feels unwell or have hurt themselves during the school day they must report this to an adult in the school. If we feel that they would be better at home we will telephone you or your emergency contact. Minor accidents, e.g. cuts, bruises, are dealt with by the school staff. Serious accidents are few, but should one occur your child will be immediately taken either to your doctor or to hospital, if necessary, and you or your emergency contact will be notified. We cannot stress enough the importance of supplying the school with the relevant information we require in such a situation, i.e. your own home and work number and a telephone number of an emergency contact. **Please remember that if your child stays in more than one home setting contact details should take account of this.**

Health Care (inc First Aid)

Many children will require their health care needs to be met at sometime within the nursery/school environment, for most children this will be for short periods of time only, but for some children this may require more long-term planning and support. If your child has any health care needs, please contact the school to discuss arrangements. Full details of the support available and your role as a parent and the role of your child are contained within Health Care in Schools 3-18 (NHS and Dumfries and Galloway Council) which is available from the school.

For more information see our [Authority Handbook](#)

Severe Weather and School Closure Arrangements

Headteachers are authorised to make an emergency closure when the state of the weather or any other exceptional circumstance make it necessary in the best interests of the pupils. In these circumstances parents will be communicated with in a variety of ways including text messages/ phone calls and emergency contact arrangements. All school closures will be notified on the Council Website.

Use of the Internet, Social Networking Sites

As part of the process of learning we allow our children supervised access to the Internet and e-mail. The authority runs its own filter system to ensure that young people are not at risk from exposure to inappropriate material. This filtering system is regularly being upgraded. We have a policy for use of the Internet and a contract for responsible use, which we ask parents and young people to sign up to.
