Communicating with home

We use a variety of ways to communicate with our families; SeeSaw, School Facebook Page, School Newsletters, Group Call text messaging and phone calls. Twice a year we hold Learning Conversations between staff, parents/carers and pupils to discuss progress and achievements.

Dear Parent / Carer

This handbook is designed to familiarise you with different aspects of life in our school. Should you require any additional information, please do not hesitate to get in touch.

Yours sincerely,

Contact Us

The school welcomes suggestions and enquiries from parents and carers.

If you need to find out something

We can be contacted by e-mail, telephone, group call text messages or face to face. Where it is not possible to resolve enquiries straight away, we will make arrangements to follow up as necessary with the most appropriate member of staff.

Comments, Complaints and Compliments

A comment might be some brief feedback about how we have handled a situation or delivered a service. It is best to pass a comment straight to the school so that we can take any necessary action.

If you are not happy with the response you receive or a decision that has been made, you can 'Ask us to Look Again'. Visit www.dumfriesandgalloway.gov.uk to find out how you can do this. At this point an Officer will contact you, discuss the issue and direct your enquiry as appropriate.

If you remain dissatisfied, the Education and Learning Directorate operate within the complaints handling procedures for Dumfries and Galloway Council. Information on this can be found at www.dumfriesandgalloway.gov.uk

How the School Works

Class Organisation

For organisational purposes, schools are structured into classes. Each year it is the responsibility of the Headteacher to organise the class structure.

Primary School Class Organisation

Within education our clear purpose is to bring about success for all our young people through raising levels of achievement, attainment, and participation.

For more information on school class organisation please visit [Class Organisation Leaflet](#)

We have two multi-composite classes at Nethermill Primary School. This session, we have a P1-4 and P5-7 class.

For more information please see the [Education Authority Handbook](#)

Positive Behaviour and Celebrating Success

We have the highest expectations of behaviour at Nethermill Primary School.

We INSPIRE all members of our community to create a relaxed, safe and happy environment where we care about one another's wellbeing, learning and achievements. These expectations are reinforced throughout the school. Everyone is encouraged to be the best they can be (Our School Motto!).

Our children are encouraged to follow our school rules and be Ready to Learn, Safe and Respectful. If a behavioural concern arises, it is dealt with promptly and fairly using inclusive, restorative methods. Emotion Works is used across our school to enhance emotional literacy and emotional regulation for everyone. We are currently a Silver Rights Respecting School and are working towards our Gold Rights Respecting School Award.

We have a House System and encourage our children to earn House Points.

Children are also encouraged to share and reflect on the skills they learn in and out of school. We can

celebrate these at our whole school assemblies. For more information please see of the [Education Authority Handbook](#)

School uniform

All Dumfries and Galloway schools have a dress code which encourages pupils to dress in a way appropriate to attendance at school. For more information on School Uniform, Dress Code, and School Clothing Grants visit www.dumfriesandgalloway.gov.uk

At Nethermill Primary we encourage all children to wear school uniform as it encourages a sense of unity, pride and belonging across the school. The uniform consists of a blue jumper/cardigan, white polo-shirt and dark coloured trousers/skirt.

We work hard to,

- Encourage sports clothes for PE and Outdoor Learning days.
- Encourage children to wear wellies and provide all children with waterproofs to enable access to Outdoor Learning.

We also support the use of pre-worn uniforms that have been handed in to support the environment and reduce the cost of the school day.

Curriculum for Excellence

Curriculum for Excellence (CfE), now known as 'Scotland's Curriculum,' is bringing learning to life in the way education is delivered for all 3-18 year olds in nursery, primary, secondary, at college and via workplace or community learning. It aims to respond and adapt flexibly to meet the needs of an ever changing and evolving world and Scotland's place within it. At its heart lies a constant commitment and drive towards excellence and equity, to raise standards, improve knowledge, develop skills for all learners and close the gap between the lowest and highest achievers by ensuring everyone has an equal opportunity to be successful, no matter what their background or circumstances. Ultimately, it aims to nurture children and young people as successful learners, confident individuals, effective contributors and responsible citizens.

Broad General Education

Children and young people work their way through Experiences and Outcomes in each of the five Curriculum Levels (Early, First, Second, Third, Fourth) and in each of the eight Curricular Areas. The five

Curricular Levels span pre-school to the end of S3. This is the Broad General Education. Pupils progress at their own pace, working through the Experiences and Outcomes of the most appropriate level for them. Pupils will be supported in collecting evidence of their achievements, with a profile of these being produced in P7 and S3.

CfE also includes Languages, Expressive arts, Religious and moral education, Sciences, Social studies and Technologies. The responsibility for the curriculum offer in your school sits with the Headteacher.

Wellbeing is central to all learning. We ensure that we remove barriers to learning and support all learners to achieve. Literacy, Numeracy and Health and Wellbeing are inter-woven throughout the curriculum and staff provide rich contexts for learning. The children are involved in the design and direction of their learning each term and help plan the Inter-Disciplinary Learning activities collaboratively with their class teachers.

Staff continuously engage in self-evaluation to enhance the learning process and ensure all children achieve their potential. Children set targets in their own learning regularly with their class teacher. There are opportunities for children to take part in Skills Groups to enhance experiences and develop new skills. At Nethermill, we believe that there is a need for each child to be able to learn at their own pace, with appropriate challenge and support. Using Curriculum for Excellence, the curriculum is joined up from 3-18 years and is built on previous learning, making connections between subjects to help make sense of the world and a clear focus on knowledge and skills. Wider achievements are celebrated across the school and we aim to provide a wide range of extra-curricular activities to enhance our learner's experiences.

Parental Involvement and Engagement

Parent/Carers and the Parent Council

Every parent who has a child at our school is a member of the Parent Forum. The parent council is a group of parents who have chosen to represent the parent forum. As a member of the Parent Forum, each parent can expect to:

- Receive information about the school and its activities
- Hear about what partnership with parents means in our school
- Be invited to be involved in ways and times that suit you
- Identify issues you want the parent council to work on with the school
- Be asked your opinion by the parent council on issues relating to the school and education it provides
- Work in partnership with staff
- Enjoy taking part in school life in whatever way possible

Parentzone Scotland

<https://education.gov.scot/parentzone> information about the Curriculum and how you can be involved in your child's learning.

How is my child doing?

There will be several opportunities for you to discuss your child's progress. This may be through informal discussion with the teacher or at Parents' Nights/ Learning Conversations, formal reports or for some it may be through more formal, focussed meetings with other agencies.

Helping Your Child and Family Learning

We always encourage our learners to try their best in homework tasks and to share their learning at home. Homework tasks are usually set at the start of the week with specific dates for return to allow for some flexibility around when to complete.

Learning Conversations are discussions that teachers have with the learner and their families (in October and May) to talk about successes in learning, to set targets to work on and discuss next steps. Reports are then sent home as a record which include both parent/carer and pupil views.

We provide Open Days and information sessions throughout the year where families are encouraged to come into school and find out about what their child is learning and how best to support this at home. The children also lead assemblies to showcase skills and knowledge they have developed.

Support for All

Support for Learners

All children receive support at school and nursery to help them learn. 'Additional support for learning' is how we describe any support that is extra or different to the help that most children receive. Most of this additional support is provided by teachers in mainstream classes, focussed on learning and support to be fully involved in school life. For the majority of children and young people this will be delivered in a mainstream classroom supported by their classroom teacher for a few this will mean some additional support alongside the classroom teacher, and for a very few this will be part-time or full-time provision in a school with a learning centre or an inclusion base.

More information is available at www.dumfriesandgalloway.gov.uk and on page 18 of our [Education Authority Handbook](#)

Getting It Right For Every Child (GIRFEC)

You are the expert on your child and what you think matters. Getting it right for every child (GIRFEC) means that the School will always seek to involve you, to listen to your opinions and take them seriously.

More information is available at www.dumfriesandgalloway.gov.uk and on page 21 of our [Education Authority Handbook](#)

Child Protection

All children have the right to be protected from harm, abuse and neglect. The vision for all children and young people in Dumfries and Galloway is that they should be: safe, healthy, achieving, nurtured, active, respected and responsible and included. Schools and front-line education and child care services will play an important role in ensuring all children and young people are safe and well.

Further information can be found at www.dumfriesandgalloway.gov.uk

Parents, carers and pupils have a key role in keeping the school community safe. We would therefore urge parents to share any information which would keep everyone safe, and to support and encourage their child(ren) to do the same.

Enrolment in Schools - School Places

Information on enrolment in school and catchment areas is available at www.dumfriesandgalloway.gov.uk Information regarding catchment areas can be found on the Council's website by accessing [Near Me](#).

School Improvements

Each year the school will publish a School Improvement Plan which outlines the key priorities for the school during the year ahead, following engagement with staff, pupils and parents. The plan indicates the expected impact of priorities on pupil learning, as well as providing brief information about the key tasks to be taken forward. Both the report and the plan are published on the school's web-site and are also available in hard copy, on request. A copy can also be found by searching for your school at www.dumfriesandgalloway.gov.uk

Our School Improvement Priorities this year are:

- Embedding consistent, evidence-based approaches and pedagogy of teaching of maths and numeracy.
- Developing high quality learning and teaching approaches to Literacy, particularly Reading and Writing.
- Developing emotional literacy, relational approaches and securing nurturing interventions.

Health and Safety

Emergency Procedures (including Safer Together Guidance)

If your child feels unwell or have hurt themselves during the school day they must report this to an adult in the school. If we feel that they would be better at home we will telephone you or your emergency contact. Minor accidents, e.g. cuts, bruises, are dealt with by the school staff. Serious accidents are few, but should one occur your child will be immediately taken either to your doctor or to hospital, if necessary, and you or your emergency contact will be notified. We cannot stress enough the importance of supplying the school with the relevant information we require in such a situation, i.e. your own home and work number and a telephone number of an emergency contact. **Please remember that if your child stays in more than one home setting contact details should take account of this.**

Health Care (inc First Aid)

Many children will require their health care needs to be met at sometime within the nursery/school environment, for most children this will be for short periods of time only, but for some children this may require more long-term planning and support. If your child has any health care needs, please contact the school to discuss arrangements. Full details of the support available and your role as a parent and the role of your child are contained within Health Care in Schools 3-18 (NHS and Dumfries and Galloway Council) which is available from the school.

For more information see our [Authority Handbook](#)

Severe Weather and School Closure Arrangements

Headteachers are authorised to make an emergency closure when the state of the weather or any other exceptional circumstance make it necessary in the best interests of the pupils. In these circumstances parents will be communicated with in a variety of ways including text messages/ phone calls and emergency contact arrangements. All school closures will be notified on the Council Website.

Use of the Internet, Social Networking Sites

As part of the process of learning we allow our children supervised access to the Internet and e-mail. The authority runs its own filter system to ensure that young people are not at risk from exposure to inappropriate material. This filtering system is regularly being upgraded. We have a policy for use of the Internet and a contract for responsible use, which we ask parents and young people to sign up to.
